RE: Patrick Sullivan

Dear Attorney McKenna:

In reference to my recent letter regarding Mr. Sullivan, I believe Mr. Sullivan's current condition is more probably than not related to or caused by the original industrial injury.

Sincerely,

Allen J. McClintick, D.C.

Re: Patrick J. Sullivan

Claim: 03-94-17578-0

Dear Diane,

Since I have submitted a timely and properly filled out supplemental report and you seem to deny payment for most of our claims regarding Mr. Sullivan's care regarding his original back injury and further, give no specific reason for these denials, I can only assume that you are not dealing in good faith with our office regarding our treatment of Mr. Sullivan.

I can only add that the signs and symptoms for his current care are consistent with his original back injury, including the considerable antalgia. There seems to be no evidence of a new injury. Mr. Sullivan further maintains that he has followed good ergonomic practices in his new job of "setting" log home packages and fabricating metal peeling blades. He is no longer employed as a log peeler.

You still haven't answered the questions posed by the attached letter of June 17, 1997 regarding your "criteria for future care" regarding Mr. Sullivan and your reasons for continuing to deny as needed chiropractic care when it was included as part of his settlement.

Sincerely,

A handwritten signature in cursive script that reads "Allen J. McClintick, D.C.".

Allen J. McClintick, D.C.
